

EXTRA! EXTRA! READ ALL ABOUT IT!

The AOC 2020 Registration Package is here. This year's rally will be in Branson, MO at ABC (Americas Best Campground-what could be better?) arriving April 26, departing May 3, 2020! This event is a full seven days, with open days to see the sights and shows of Branson. There are 110 spaces set aside for our use, and like every year, it is first come-first served. Please let your members know this event has generated much excitement and anticipation, and delaying their registration may result in being put on a waiting list or not being able to attend. Also, if any of your members do not have email accounts, please be sure they still receive this information.

This year will kick off with the annual Welcome Dinner, followed by ABC's very own Hillbilly Party which includes entertainment, cake, refreshments, and prizes for Hillbilly costumes. Arriving in costume is optional, (but who wouldn't want to?) so encourage your members to dress for this fun and unique event. There will be an Ice Cream Social midweek, various Seminars and Vendors, and a choice to see the Dolly Parton Dixie Stampede: a dinner show produced by Dolly Parton!

Please note: Dolly's Dixie Stampede is an additional cost and MUST be included with the registration form. No one will be allowed to join the Dolly event with the AOC group later, as the campground will be making advanced reservations for us and procuring buses for transportation. Please emphasize this to your members to avoid disappointment. The buses are rented for the day, not only

the event, so earlier in the day they will be used for a shopping trip to Branson Landing. Since the cost of the Dolly event includes the bus, only those who attend the Dolly event will be allowed on the bus. Of course, anyone can provide their own transportation to the Landing or Dolly Stampede. Both are worth it!

As is always the case, volunteers are needed to make the rally a success. There will be more details to follow, including Leisure Coach Works' Work Request form, so watch for more emails.

SeeYa There!
